

Step1: Register

Go to: <https://all4sports.magicbooking.co.uk> OR www.all-4-sports.co.uk & click on the book clubs option.

Select 'Register'

Create your account with a valid email address as you will be asked to validate it via a link received by email. Only one account per family should be created.

Important Note: If your email address has previously been communicated to All4Sports, chances are that you are pre-registered, in this case, when you get to the login page, simply click the 'Forgotten Password' hyperlink to reset your password, then. If you are in this case, go to Step 2.

If your account has not been pre-registered, fill in the form

First Name * Amy

Last Name * Demo

Date of Birth * 29/01/2009

Gender * Male

Ethnicity * White British

What is your relationship with the child? * Mother

Who does your child live with? * Mother & Father

Who has the legal responsibility of the child? * Mother & Father

What is the language spoken at home? * English

Step 3: Register your children

You now need to add your child's details, click "Add child". Complete

the first form (shown on the right), then save.

Now, click each tab (Medical Info, Disabilities, Emergency contacts, Collectors and Doctors) and complete the forms (see below). Only Emergency, Collectors and Doctor are compulsory.

The screenshot shows a web form for adding a child. At the top, there is a red button labeled '+ Add Child'. Below it are two buttons: 'Amy Demo' (active) and 'Emily Demo'. A horizontal tab bar contains six tabs: 'Child's Details', 'Medical Information', 'Disabilities - Special Needs', 'Emergency', 'Collector(s)', and 'Doctor(s)'. Red arrows point to the 'Medical Information', 'Disabilities - Special Needs', 'Emergency', 'Collector(s)', and 'Doctor(s)' tabs. The 'Child's Details' tab is currently selected, showing a blue header bar with the text 'Child Details'. Below this header are three input fields: 'First Name *' with the value 'Amy', 'Last Name *' with the value 'Demo', and 'Date of Birth *' with the value '29/01/2009'.

Medical information, Medication & allergies

Click “Add” in the relevant section to add medical conditions, medications or allergies. You can add more than one in each section if needed. Make sure you complete all details, including emergency treatment if relevant, as it is important for your child’s wellbeing and safety that staffs are aware of any health problems or medications your child might have or need.

Disability & Special Needs

Again, it is important for your child’s wellbeing and safety that staffs are aware of any disabilities or Special Needs your child might have. Hiding such information may result in your child being turned down at the door if no resources are available to provide adequate care to him/her.

Emergency contacts and Collectors

When you register, your contact details are automatically added on both the Emergency and Collectors lists, however it is advisable to add another emergency contact in case you are not reachable in the event of an emergency. Some organisations impose more than one emergency contact; if it is the case you won’t be able to make a booking until you have entered the requested number of contacts.

You can’t use the same phone number for two emergency contacts.

Doctor

This is the contact details of the Surgery your child is registered with.

Note: When you register a second child, additional contacts (collectors, Emergency contact and doctor) can be reused. Simply tick the relevant check boxes at the bottom of the child's details form, so you won't need to re-enter the same information again.

Reuse existing contacts?

☐ Emergency

☐ Collector

☐ Doctor

STEP 4: Membership (Optional)

For those pre-registered, your membership validity is updated on the system, if you need to make a payment you will be prompted to do so.

Parents who were not pre-registered will need to contact All4Sports to have their membership updated on the system if they have already made a payment.

STEP 5: Book an activity

Once you have completed the above steps you can book activities online. The system automatically checks your child's age group and you will only be offered activities available for the child(ren) selected.
